The screenshot shows the KNIME website's download page. On the left, there's a section titled "Download KNIME Analytics Platform" with a sub-image of the KNIME interface. Below the image, it states: "KNIME Analytics Platform is a free and open source low-code/no-code software that allows anyone, irrespective of experience levels, to make sense of data." and "Download today, and use it free forever." On the right, there's a registration form titled "Registration is not required. Leaving your information\* will sign you up for our newsletter and other relevant updates". The form includes fields for Email, Company name, First name, Last Name, Country/Region, Role, Department, and a dropdown for "Would you mind telling us how you heard about KNIME?". There are checkboxes for "I would also like to receive three getting started emails." and "I have read and accept the terms and conditions to download KNIME Analytics Platform (open source license) and I accept the Privacy Policy. Checking this box is required." Below the form is a large yellow "Download" button.
